PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with hands-on experience in full-stack development using React, Node.js, MongoDB, and Java. Completed a Virtual Web Full Stack Developer internship building production-style RESTful APIs and responsive applications. Passionate about building practical, user-focused software solutions, with growing expertise in Agentic AI and IoT security, and strong problem-solving skills.

TECHNICAL SKILLS

Languages: Java, C, JavaScript

Frontend: React.js, HTML5, CSS3

Backend: Node.js

Database: MongoDB

Concepts: Data Structures & Algorithms, OOP

Tools: Git, GitHub, VS Code

EXPERIENCE

Web Full Stack Developer Intern — Eduskills, Greater Noida

Jan 2025 – Mar 2025

- Built responsive web applications using React, Node.js, and MongoDB.
- Designed and implemented RESTful APIs for seamless front-end to back-end communication.
- Managed the complete development lifecycle, including database design and deployment.

EDUCATION

B.Tech – Computer Science Engineering | Galgotias University

2024 – 2028

CGPA: 8.12 / 10.0

PROJECTS

ChessForge — Online Chess Gaming Platform

- Full-featured online chess platform with real-time gameplay and move validation.
- Built interactive UI with complete game logic and player matchmaking.

Online Voting System — Secure Web-Based E-Voting Application

- Secure electronic voting system replacing manual paper-based processes.
- Ensures transparency, tamper-proof ballots, and accurate real-time result tallying.

Agentic AI IoT Security — AI-Powered Home Cybersecurity System

- Autonomous AI system protecting home IoT devices from cyber threats.
- Monitors network traffic, detects intrusions, and deploys deception countermeasures.

Travel Mingle — Traveler Social Connection Platform

- Prototype platform connecting travelers and enabling shared trip experiences.
- Implemented core MVP features with a fully working end-to-end demo.

CERTIFICATIONS

Oracle DBMS Certification | Java Programming | Object Oriented Programming | Computational Thinking | C Programming

ACHIEVEMENTS & EXTRA-CURRICULARS

- Active open-source contributor on GitHub.
- Enthusiast in competitive programming and algorithmic problem solving.
- Keen interest in AI/ML and cybersecurity research.
- Chess player — inspired the ChessForge project.
